

Do you want your Soul to spend eternity in Heaven or in Hell?

That is the question.

Where your Soul spends eternity has to do with your relationship and not your religion. Religion is a system, a tradition or your belief. Religion is something we do out of tradition, our doctrines. Religion is a ritual ceremony. Celebrating religious holidays, giving to the poor, reading and memorizing Bible verses is all religion.

Religion is what the Pharisees did. These Scripture loving, conservative scholars, spiritual leaders who hated Jesus Christ so much that they wished him dead. The Pharisees not only hated Jesus because He broke their traditions in order to help other people, but because Jesus saw through their hearts their true religion. Religion does not Change your heart. A Christian on the outside is not enough, because the inside is more important. Religion is directed at the human acknowledgment instead of the Truth. The largest group forgets that only Jesus Christ can Change your heart by the Holy Spirit and no one else. Religion makes people opinions more important, thus we have come to appreciate peoples opinions more than God. Religion makes life harder, because you may not be able to comply with the rules or expectations. Religion is good if it stays in place and only when it points us to Jesus Christ, who died for our sins and now lives His life in us.

Our beliefs and doctrines should focus us on God and not on people. For our beliefs and doctrines to focus us on God, we need to have a relationship with God. A relationship with God will give you Favor. A relationship with God will give you Goodwill. A relationship with God will give you Delight. A relationship with God will give you Pleasure. A relationship with God will give you Acceptance. A relationship with God will give you Self-will. A relationship with God will give you Prosperity. A relationship with God will give you Happiness. A relationship with God will give you Welfare. A relationship with God will give you Excellence. A relationship with God will give you Wealth. A relationship with God will give you Good things.

A relationship with God will give you Favor and you will come in Favor of others. So Favor means, if we search, in Hebrews; Goodwill, Delight, Pleasure, Acceptance, Self-will, Prosperity, Happiness, Welfare, Excellence, Wealth and Good things.

So a relationship with God will give you Favor and Favor means a lot of Good things. The Lord is saying, I prefer a flexible heart (Change) to an inflexible ritual (religion), [Matthew 12:7 MSG].

Do you want your relationship or religion to decide about your Soul?
