

Do you desire **intelligence** or **ignorance** to feed your heart?

That is the question

Ignorance is a **vice**. **Intelligence** is an **advantage**.
Ignorance is a **liability**. **Intelligence** is an **asset**.
Ignorance is a **lack**. **Intelligence** is an **abundance**.

The meaning of **ignorance** is **the lack** of **Knowledge**, **learning**, **wisdom**, **understanding** and **skillful insights**.

The meaning of **intelligence** is **the abundance** of **Knowledge**, **learning**, **wisdom**, **understanding** and **skillful insights**.

So **intelligence** is **the abundance**, **the asset** and **the advantage** of **Knowledge**. I have gained much **Knowledge** and the more **Knowledge** I gained the closer it brought me to **God, my Father**.

I am a science man, so I am driven to find out how things are working and I desire **Knowledge** and not **ignorance** to feed **my heart**.

*“To know the mighty works of **God**, to comprehend **His wisdom** and **majesty** and **power**; to appreciate, in degree, the wonderful workings of **His laws**, surely all this must be a pleasing and acceptable mode of worship to **the Most High**, to whom **ignorance** cannot be more grateful than **Knowledge**.”* From: **Nicolaus Copernicus**

Here follows 12 more quotes of men who have a lot of **Knowledge** and what they said about **God, my Father**.

1. **God** created everything by number, weight and measure. **Sir Isaac Newton**
2. The more I study science the more I believe in **God**. **Albert Einstein**
3. **God** is the author of the universe and the free establisher of the laws of motion. **Robert Boyle**
4. If you study science deep enough and long enough, it will force you to believe in **God**. **Lord William Kelvin**
5. Both religion and science require a belief in **God**. For believers, **God** is in the beginning, and for physicists He is at the end of all considerations. To the former **He** is the foundation, to the latter, the crown of the edifice of every generalized world view. **Max Planck**
6. The more I study nature, the more I stand amazed at the work of **the Creator**. Science brings men nearer to **God**. **Louis Pasteur**
7. The gift of mental power comes from **God, Divine Being**, and if we concentrate our minds on that truth, we become in tune with this great power. **Nikola Tesla**
8. I have looked into most philosophical systems and I have seen that none will work without **God**. **James Clerk Maxwell**
9. It is evident that an acquaintance with natural laws means no less than an acquaintance with the mind of **God** therein expressed. **James Joule**

10. I am proud to be a Christian. I believe not only as a Christian, but as a scientist as well. A wireless device can deliver a message through the wilderness. In prayer the human spirit can send invisible waves to eternity, waves that achieve their goal in front of **God**. [Guglielmo Marconi](#)
11. **God's** nature embodies justice and holiness, but is also a personal and loving **God** who cares for each creature (so the name 'father' is indeed appropriate). [George Ellis](#)
12. The significance and joy in my science comes in those occasional moments of discovering something new and saying to myself, 'So that's how **God** did it.' My goal is to understand a little corner of **God's** plan. [Henry "Fritz" Schaefer](#)

Wisdom is an **advantage**, just as money is an **advantage**, but the **excellency** of **Knowledge** is that **wisdom gives, shields and preserves** the life of them that have it. **Wisdom** strengthens the wise man more than ten rulers who are in a city. Therefore **God** overlooked and disregarded the former ages of **ignorance**; but now **He** commands all people everywhere to **repent**, to **Change** their **old way of thinking**, to **regret their past sins**, and to seek **God's purpose for their lives**, because **He** has set a day when **He** will judge the inhabited world in **righteousness** by a **Man** whom **He** has appointed and destined for that task, and **He** has provided credible proof to everyone by raising **Him** from the dead.

You don't have to just believe what I am saying to **Change**, but just as I have done, go find out what **the Truth** is and what are **lies**. You don't have to have **ignorance** or **lack** about **the Truth**, because you have enough **intelligence** and **assets** to show you what the **lies** are. The keys for your **Change** are in your hand.

Do you desire Knowledge about the Truth and the lies?
